

Introduction

This quickstart will help you get started with Turnitin. To begin, you need to register with Turnitin and create a user profile.

! If you have received an e-mail from Turnitin with a temporary password, a user profile has already been created for you. To get started, log in to Turnitin with your e-mail address and password and proceed to Step 2 in this quickstart.

Step 1

To register and create a user profile, go to www.turnitin.com and click on the *Create Account* link on the homepage **1**.

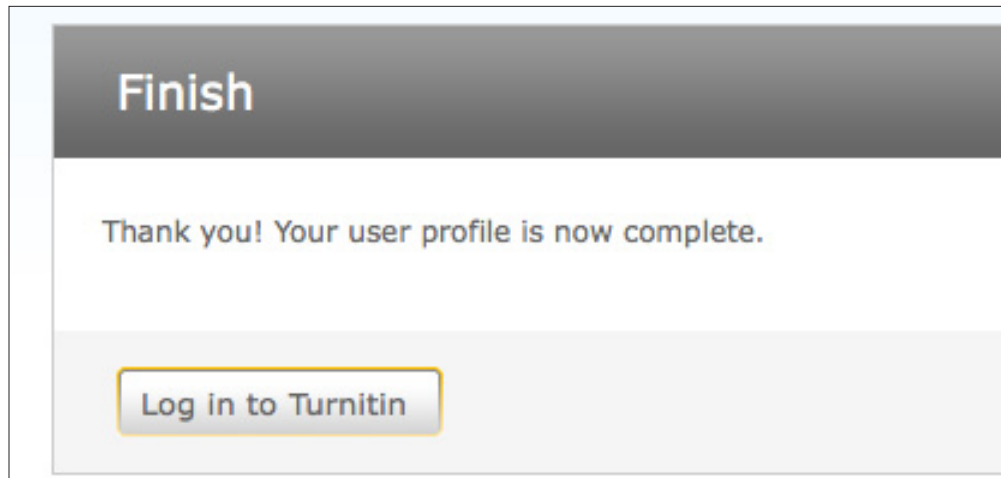

The screenshot shows the Turnitin homepage registration form. It features two input fields: 'Email' and 'Password'. Below the 'Email' field is a blue link labeled 'Create Account', which is circled in red. Below the 'Password' field is a blue link labeled 'Retrieve Password'. To the right of these fields is a red button labeled 'SIGN IN'. At the bottom right, there is a language selection dropdown menu showing 'Language: English' with a downward arrow.

1 Click to register and create your user profile

The new user page will open click on *Create a user profile* in the *New instructors start here* section. Fill in the required information within the new user profile form. In order to create a profile, you must have an **account ID** and an **account join password**. You can get this information from your institution's account administrator.

Once you have created your profile, click the *Log in to Turnitin* button to log in to Turnitin **2**.

The screenshot shows the 'Finish' page of the Turnitin registration process. The page has a dark grey header with the word 'Finish' in white. Below the header, the text reads 'Thank you! Your user profile is now complete.' At the bottom of the page, there is a button labeled 'Log in to Turnitin' which is highlighted with a yellow border.

2 Click the button to Log in to Turnitin

Step 2

On your homepage, click the *add a class* button to create a class **3**.

! If you do not want to create a new class at this time, skip ahead to the next step.

3 Adds a new class to your account

On the class creation page, enter a **class name** and an **enrollment password** **4**.

 A screenshot of the class creation form. It contains two input fields. The first field is labeled 'class name' and contains the text 'Demonstration'. The second field is labeled 'enrollment password' and contains the text 'Demo1'. Both fields have a green checkmark icon to their right, indicating they are valid. Below the password field, there is a label 'class start date April 23, 2008'.

4 Enter a class name and enrollment password

The enrollment password is the password your students will use to enroll in your class. Pick a password that is easy for your students to remember and that contains all lowercase letters.

The end date is the date your class expires. When a class expires students can no longer submit papers or enroll in the class. The default duration for all classes is 6 months. If you want your class to last longer or shorter, you can change the end date.

Click *submit* to add the class to your homepage.

Step 3

The class will now appear in your class list beneath your account. The number to the left of your class name is the **class ID**. Students will use this ID along with the **class enrollment password** to enroll in your class. You can view your class enrollment password at any time by clicking the *edit* icon to the right of your class **5**.

5 The class ID is to the left of your class; to view your class enrollment password, click edit

You should distribute your **class ID** and **enrollment password** to your students so that they can enroll in your class and submit their papers. Be sure to include this link to our student quickstart:

http://turnitin.com/resources/documentation/turnitin/training/en_us/qs_student_en_us.pdf

With this information, your students will have everything they need to get started with Turnitin.

Click on the name of your class to open your class homepage **6**.

6 Enter a class by clicking its name

Step 4

Within your class homepage click on the New Assignment button to create an assignment **7**.

! If you do not want to create a new assignment at this time, you can skip ahead to the next step.

7 Click the New Assignment button to create a new assignment

To create an assignment, enter an assignment title and choose a start and due date for the assignment. Students will be able to submit their papers to the assignment starting on the start date and until the due date passes. Click submit to add the assignment to your class homepage.

Step 5

If you want to submit papers yourself, click on the *View* link to the right of the paper assignment to open the assignment inbox and then click on the *Submit Paper* button **8**.

	ACTION	TITLE	REPORT	GRADEMARK	FILE	PAPER ID	DATE

12 Click to open your assignment inbox

Step 8

Your assignment inbox shows submitted papers with their Originality Reports. To open the Originality Report for the paper you just submitted, click the report icon **13**. **Note:** A grayed out report icon indicates that the report has not yet been generated. Please wait a few moments and click your browser's refresh button.

	SIMILARITY	...	GRADEMARK (100)	P.
p of Frodo & Sam	3%		123 90	1
nt Symbolism in Lord of the...	13%		200 90	2
Cycle and LOTR	20%		12 85	7

13 Click on the Originality Report icon to view the Originality Report

The Originality Report will open in a new window called the document viewer. The document viewer allows instructors to access each Turnitin product in one location and view all the products simultaneously as layers.

All the primary sources found to match the paper submission are in the sidebar to the right of the paper contents. Primary sources are the sources that have the closest match (most matching words without variation) to the document's text..

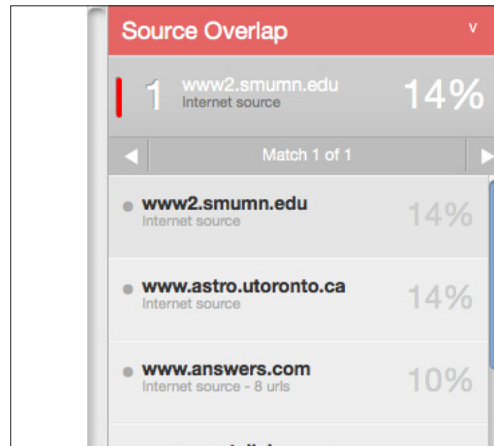

The Originality Report retains the paper's original format along with images and graphics

To view all overlapping sources for a Primary Source hover the cursor over the source and click on the *View additional sources* button **14**.

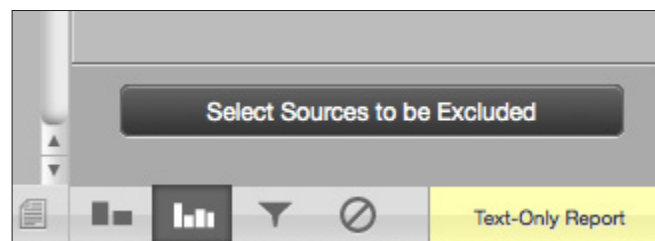

14 Click to view additional sources for the Primary Source

The overlapping sources are now listed below the primary source **15**.

15 All the overlapping sources are listed below the primary source

To exclude a source from the Source Overlap list click on the *Select Sources to be Excluded* button at the bottom of the source list **16**.

16 Click to enable source exclusion from the Source Overlap list

Click on the check box next to all the sources you would like to exclude **17**.

17 Click on the check boxes next to each source you would like to exclude

Once you have selected all the sources to exclude, click on the *Exclude (#)* button at the bottom of the Source Overlap list **18**. If the sources that were excluded affects the overall similarity index it will recalculate and display a new percentage of matching content.

18 Click to enable source exclusion from the Source Overlap list

Layering Products

To view the paper in GradeMark click on the GradeMark tab at the top of the document viewer ¹⁹.

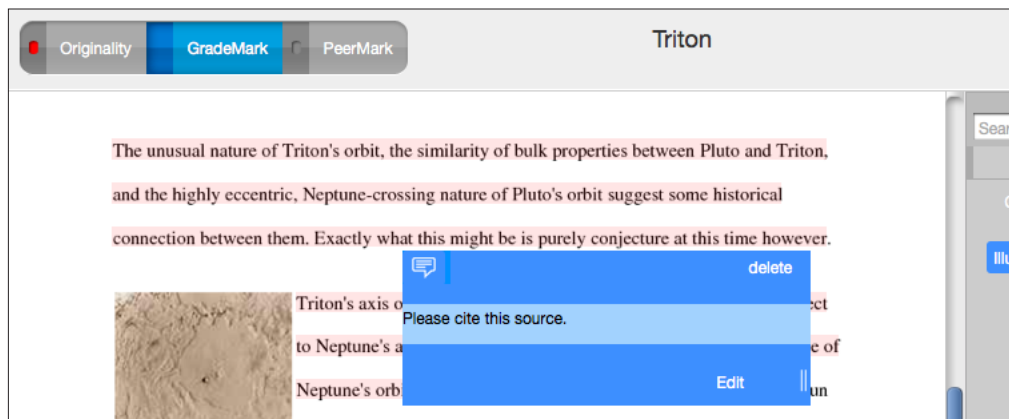

¹⁹ Click the GradeMark tab to use GradeMark to mark-up the paper

You will notice that the sidebar changes functionality and that the GradeMark tab is now highlighted blue notifying you that you are now viewing the paper in GradeMark. To view the Originality Report layer while grading a paper, click on the radio button directly to the left of the *Originality* tab ²⁰.

²⁰ Click to enable source exclusion from the Source Overlap list

You can now mark-up the paper while viewing the match instances from the Originality Report and easily leave comments regarding text that needs to be cited.

Using GradeMark with the Originality Report layer turned on
